

- How do I change the address on my order?

Last Modified on 01/25/2018 1:40 pm CST

Due to the high volume of orders processed daily by our fulfillment team, we are unable to edit order details once your purchase has been submitted.

Please place a **new order** through our online store specifying the correct address. As for your misaddressed parcel, it will be returned to our online store. At that time, your account will be fully refunded!
