

- When will I receive my order?

Last Modified on 02/04/2019 10:26 am CST

Our facility takes up to 2 days to process and from there, please allow 3-5 business days to receive your shipment. After your order processes, you will receive an order confirmation and also a tracking number. While most orders ship sooner than that, and we do our best to get your order processed and out the door as soon as possible.

*Please know that we ship all orders USPS Priority Mail. Any order older than 6 months is archived by the USPS and unavailable for search.

Please note, due to new customs regulations we only ship within the United States.
