

# - I see that the item I want to purchase is out of stock, when can I order it?

Last Modified on 02/07/2018 2:07 pm CST

The Dr. Axe online store team seeks to always keep items in stock and available but occasionally we have a higher volume of orders than expected. The manufacturing and shipping team is working very hard to get your items back in stock. Please make sure you are signed up for the Dr. Axe Newsletter to be notified when sold out items are available to order.
