

# - I'm interested in Burstfit. How do I know if this type of exercise is right for me?

Last Modified on 02/07/2018 2:05 pm CST

Both BurstFit and BurstFit Fire are generally safe, effective workout regimens for most people. With beginner-intermediate-advanced options, the routines are tailored to accommodate and support most fitness levels and goals.

*Please consult your physician before beginning either workout routine.*
