

-I have limited funds for food and supplements. Can I still find this Healing Leaky Gut Program useful?

Last Modified on 12/16/2016 9:47 am EST

Yes! You can certainly do what you are able with the resources you have available to you and just start where you are implementing changes as you can. You have lifetime access to this material so remember it is a lifelong journey. Here are also some great articles from Dr. Axe on ways to save money and still eat healthy! You can also find out how others are doing by asking the Facebook Group community for Healing Leaky Gut.
