## Are you a Subscribe and Save Customer?

- We are unable to apply a discount code on a subscribe and save order.
- With Subscribe and Save, your order is already locked in at a 15% discount regularly so for that reason we are not able to apply another code.
- If you do want to apply that code to a one time order you certainly can!

## Are you attempting to use multiple codes?

- We only allow 1 code at a time to be used for an order. If you are attempting to use multiple codes at checkout it will not allow it so we suggest to use the better discount deal!
